Closing date:	21 Sep 2026
Location:	Johannesburg

Purpose of the Job:

Overview:

Senior Financial Accountant

We are looking for a qualified CA(SA) Senior Financial Accountant with a passion for financial reporting, analysis and business partnering to join our Retail Finance team. This role plays a key part in delivering financial and management reporting, financial planning and analysis, statutory reporting, governance and operational finance support across the Retail business.

Key Focus Areas:

- Assist in financial planning, budgeting, forecasting and performance analysis for various business within the Retail cluster.
- Prepare and analyse monthly management reports, financial results and key performance indicators.
- Drive the month-end reporting and closing process in line with Group timelines
- Support statutory, regulatory and IFRS reporting requirements, including the annual audit.
- Assist with Board, Committee and external reporting deliverables.
- Partner with business stakeholders to provide meaningful financial insights and support decision-making.
- Monitor expenditure, analyse variances and identify opportunities to improve financial performance.
- Develop financial models, scenario analyses and business cases to support strategic initiatives.
- Support governance, risk management, internal controls and audit processes.
- Contribute to treasury, taxation and capital management activities.
- Champion process improvement, automation and AI-driven efficiencies within the finance function.

Requirements:

- CA(SA) qualification is essential.
- Minimum 6 years' experience in audit, financial and management reporting, including at least 3 years post-articles.
- Experience within financial services, wealth management or an asset-based business will be advantageous.
- Strong understanding of financial reporting, budgeting, forecasting and financial analysis.
- Sound knowledge of IFRS, governance and financial controls.
- Advanced Excel and Microsoft Office skills.
- Strong analytical thinking, problem-solving and stakeholder engagement capabilities.

Key Strengths

- Commercial and strategic mindset.
- Strong attention to detail and financial accuracy.
- Excellent communication and relationship-building skills.
- Ability to translate financial data into meaningful business insights.
- Continuous improvement mindset with a passion for innovation and automation.
- Strong planning, project management and execution capabilities.
